Mr. Timothy Hewitt
President and Operations Manager
Veolia Water Indianapolis, LLC
1220 Waterway Blvd.
P.O. Box 1220
Indianapolis, IN 46206

Dear Mr. Hewitt:

Re: Atrazine Sampling

This letter is in response to your letter received on March 30, 2007, concerning Atrazine sampling in 2007. Your letter indicated that you had not received a response from IDEM on your proposed Atrazine sampling plan for 2007. As you are aware, IDEM did respond to Veolia's 2007 Atrazine Sampling Plan in a letter addressed to Ms. Alyson Williams sent on March 28, 2007 (a copy enclosed). Apparently, Veolia had not received this letter at the time your letter was sent. However, Mr. Patrick Carroll, Chief of the Drinking Water Branch, Office of Water Quality had communicated with Mr. Dale Pershing of Veolia several days prior to IDEM sending the March 28, 2007, letter and informed him of IDEM's belief that the sampling plan utilized in 2006 remained appropriate for 2007.

IDEM expects Veolia to continue implementing (or return to implementing) the Atrazine sampling scheme that was used in 2006. If you have any questions concerning this matter, please feel free to contact me at 317-232-8611.

Sincerely,

Thomas W. Easterly
Commissioner

Ms. Alyson Willans
Director of Operations Support
Veolia Water Indianapolis, LLC
1220 Waterway Blvd.
P.O. Box 1220
Indianapolis, IN 46206

March 28, 2007

Dear Ms. Willans:

Re: Atrazine Monitoring

Thank you for the submittal of the "2007 Atrazine Report" made as a follow up to our January 25, 2007, meeting. IDEM has reviewed the report and discussed your proposal for modifying the Atrazine sampling scheme for the 2007 Atrazine Season. IDEM maintains that the sampling for Atrazine outlined in your draft "Enhanced Atrazine Monitoring and Control Program" dated February 24, 2006, as modified by our letter dated March 29, 2006, is appropriate for the 2007 Atrazine Season.

If you have any questions concerning this matter, please feel free to contact Patrick Carroll, Chief of the Drinking Water Branch at the address above or you can call him at (317) 308-3281.

Sincerely,

Bruno Pigott
Assistant Commissioner
Office of Water Quality
